

## WAHLERT CATHOLIC SOFTBALL & LOWER LEVEL BASEBALL DIRECTIONS

To: All Opponents for Softball and 9<sup>th</sup>/10<sup>th</sup> Grade Baseball Games  
Re: Parking and Access to Fields due to Construction

Wahlert Catholic is undergoing major building renovations for the next 1-2 years. Much of the construction traffic and equipment is on the North side of school (denoted in Red above) in the area between the Wahlert parking lot and the baseball/softball fields. The fields will be unaffected, but a new route to get to them must be taken.

It is advised that fans park in the lot in front of Mazzuchelli Middle School (attached to the West end of Wahlert) with the space that is allowed. You can then take the sidewalk just along the West side of Mazzuchelli to access the softball field. For baseball, take the same route, but proceed around the softball outfield fence to get to the baseball field. If the parking lot in front of Mazzuchelli is full, please continue to park up in the main Wahlert parking lot (designated above in yellow). From the Wahlert lot you will proceed to walk in front of the high school down to the West-end sidewalk along to Mazzuchelli and proceed to the field.

As for team busses...please drop teams off in the traffic circle in front of Mazzuchelli and then park the bus in the Wahlert parking lot. You can then pick the team up in front of Mazzuchelli again after the games. We do not want busses taking up valuable parking spaces for spectators nearer the fields.

There will be NO access in the construction zone due to the construction traffic in and out of that area. It would be dangerous to enter into the area due to limited space and visibility from trucks and equipment and so for the safety of all spectators, players, coaches and officials we ask you avoid the DO NOT ENTER areas completely

**We apologize for the inconvenience and appreciate your cooperation.**
