Driven By Our Vision

Greetings from Holy Family Catholic Schools!

As I reflect on my first year as chief administrator, I'm pleased to look back at a year filled with major accomplishments for our system. I invite you to take a few minutes to review this annual report, a compilation of our 2011–2012 highlights and a reflection of the hard work and generosity of our staff, students, parents and Catholic community.

While I'm very proud of all of our accomplishments, I'm not satisfied. My mother's constant refrain as we were growing up was, "Whatever is worth doing is worth doing well," and that statement continues to drive me to find ways we can better deliver an outstanding Catholic education to the students who walk through our doors each day.

To that end, we are now one year into the ambitious goal I set at the start of the 2011–2012 school year: make Holy Family the top academic system in the state of Iowa within five years, while ensuring that the Catholic faith is at the center of all that we do. We will measure our achievement of that standard in a number of ways, including analyzing results from a variety of standardized tests, evaluating how and what our students do after graduating from Wahlert Catholic, and assessing the innovative programs we offer.

We began our work toward that goal with a noticeable increase in expectations for our students throughout the system in 2011–2012. We continue to build on that foundation as the 2012–2013 school year rolls on with new programs and assessments.

Your generosity has helped us lay a solid foundation for the future of our system, and we are grateful. We invite you to travel with us on our journey to becoming the best academic program in the state of Iowa, monitoring with us that whatever we are doing, we are doing well.

Sincerely,

Carol S. Trueg
Chief Administrator

Academics

At the start of the 2011–2012 school year, Chief Administrator Carol Trueg challenged every member of the Holy Family staff to contribute to one goal: help make Holy Family Catholic Schools the top academic system in the state in five years.

With a renewed laser-like focus on faith and academics, the entire system set out with a plan to increase expectations immediately and also each year following for pre-K through 12th-grade students. With a curriculum aligned with the Iowa Core and expectations set by the Archdiocese of Dubuque, Holy Family helps students achieve at their highest potential and better prepares them for an ever-changing, competitive marketplace.

The Vision: Become the Top Academic System in Iowa in 5 Years

WHY TEST?

Each year, students in grades three through 11 take the Iowa Assessments, formerly known as the Iowa Test of Basic Skills. In 12th grade, students can take the ACT test as an indication of college readiness. These tests are one way to measure the success of our academic programs, telling us:

- » How our students are achieving compared to other students in the state and nation.
- » How our curriculum aligns with educational standards.
- » How our students have grown from year to year, and, in the case of our high school seniors, are they ready for college?

THE ACT

THE IOWA ASSESSMENTS

In 2011, the Iowa Assessments underwent more than a name change; the format of the tests changed as well. This in turn caused a typical fluctuation in results, essentially resetting the benchmarks. Our focus at Holy Family is to use Iowa Assessment data, and other standardized test data, to analyze ways we can help our students continue to achieve significantly better than expected in each subject from year to year.

COMING IN 2012

During the 2012–2013 school year, Holy Family Catholic Schools will introduce the Measures of Academic Progress™ (MAP) tests to students in grades K–11. These Web-based tests will be taken three times a year. Results from the tests help determine each student's instructional level and predicted annual academic growth throughout the school year, as well as from year to year in the areas of reading, science and math.

Ultimately, the tests will show our teachers how they can tailor instruction to each student's needs to ensure that the student grows at expected rates throughout the year. Parents and guardians will be able to monitor their child's progress throughout the year as well.

Academic Highlights

National Blue Ribbon School

In September 2011, St. Columbkille was named a National Blue Ribbon School by the U.S. Department of Education. The K–5 school was among only 255 public and 49 private elementary, middle and high schools to receive this prestigious award. The school received a nomination for the award when the St. Columbkille students collectively tested in the top 10 percent nationally as measured by their performance on the state assessment.

Two Recognized by National Merit

Wahlert Catholic senior Claire Castaneda was named a 2012 National Merit Scholarship Semifinalist, and senior Luke Berning was named a National Merit Scholarship Commended Student.

Our Lady of Guadalupe Celebrates 10 Years

The 2011–2012 school year marked the 10th anniversary of the inception of the Our Lady of Guadalupe Spanish Immersion Program. Our Lady of Guadalupe provides a very successful full-immersion Spanish program to students in pre-K through fifth grade.

St. Anthony Opens Literacy Center

St. Anthony Elementary School opened a new library and literacy center in October 2011, which boasts a rich collection of books in a fun, stimulating environment that includes an interactive theater and craft stations. The goal of the center is to enhance engagement in reading across the St. Anthony and Our Lady of Guadalupe campus and also to supplement the already-thriving Clarke Professional Development School program, which has been housed at St. Anthony for 13 years.

St. Columbkille Partners With Stanford University

Launching at the start of the 2011–2012 school year, St. Columbkille Elementary implemented the Stanford University EPGY (Education Program for Gifted Youth) math program. This Web-based program provides students with an individualized, self-paced curriculum that supplements the existing math curriculum. In 2012–2013, St. Columbkille will pick up the language arts version of the program, and St. Anthony and Resurrection schools will launch their own EPGY math program.

Middle School Principal Named One of Nation's Best

In December 2011, Kim Hermesen, Mazzuchelli Catholic Middle School principal, became one of just 11 Catholic school principals in the nation to receive the NCEA distinguished principal award. In the spring, she then was named a National Distinguished Principal by the National Association of Elementary School Principals, an award received by only 54 public school principals (representing each state) and five private school principals in the nation.

1:1 Computing Approved

In February, the Holy Family board of education approved one-to-one computing at Wahlert Catholic High School and Mazzuchelli Catholic Middle School, which would put a laptop computer in every student's hands for school and home use during the 2012–2013 school year and beyond.

Leading Pre-Engineering Curriculum Comes to Holy Family

In spring 2012, Mazzuchelli Catholic Middle School was granted \$20,000 from Project Lead the Way, Inc., to support the implementation of PLTW engineering curriculum for the 2012–2013 school year. Wahlert Catholic plans to implement PLTW's biomedical sciences program in 2013–2014.

Environmental Stewards

In June, Holy Ghost Elementary, Resurrection Elementary, the St. Anthony and Our Lady of Guadalupe Elementary campus, and St. Columbkille Elementary each received the next award in their Green Vision Education programs. All of Holy Family's schools participate, and several are leaders, in Dubuque's Green Vision Education program.

Eighth-Grade Recognition

On May 31, 2012, the 160 members of the Mazzuchelli Catholic Middle School eighth-grade class were honored as part of their transition to high school.

Graduation

On Sunday, May 27, 2012, all 138 members of the Wahlert Catholic High School Class of 2012 received their diplomas.

Holy Family Catholic Schools is audited annually to assure the highest level of financial integrity for our students, staff and benefactors. On a monthly basis, the chief financial officer receives reports to coordinate expenses and revenue and makes regular reports to the finance committee and the board of education. Minutes of these meetings are available on the Holy Family website. Copies of the audited report are available upon request.

How to Support Holy Family

Holy Family Catholic Schools is blessed by a faithful, devoted community, and we couldn't be more thankful for the support we receive. When you make a gift to Holy Family, no matter what its size, you aren't just making a donation to a school, you're starting a ripple of influence on a child's life and on every life they touch beyond these walls.

You may elect to restrict your gift for a specific cause, but if you allow us to put your gift toward our annual fund, we can use your contribution whenever and wherever the need is greatest.

Because Holy Family is a 501(c) 3 tax-exempt organization, donors may take full advantage of the income, capital gain and estate tax deductions as applicable and allowed by law.

Online

Visit www.holyfamilydbq.org to make a secure online payment using Visa, MasterCard or Discover.

Check

An outright gift of cash or check is one of the simplest ways to make a gift. Please make checks payable to the Holy Family Catholic Schools at 2005 Kane St., Dubuque, IA 52001.

Electronic Funds Transfer (EFT)

Gifts through EFT are easily transferred electronically from either your checking or savings account on a monthly basis. Contact the Holy Family development office at (563) 582-5456 if you are interested in setting up EFT for your contributions.

Matching Gifts

Many companies will match employee contributions to nonprofit organizations such as Holy Family. Check with your human resources department to see if you qualify.

Endowed Scholarships

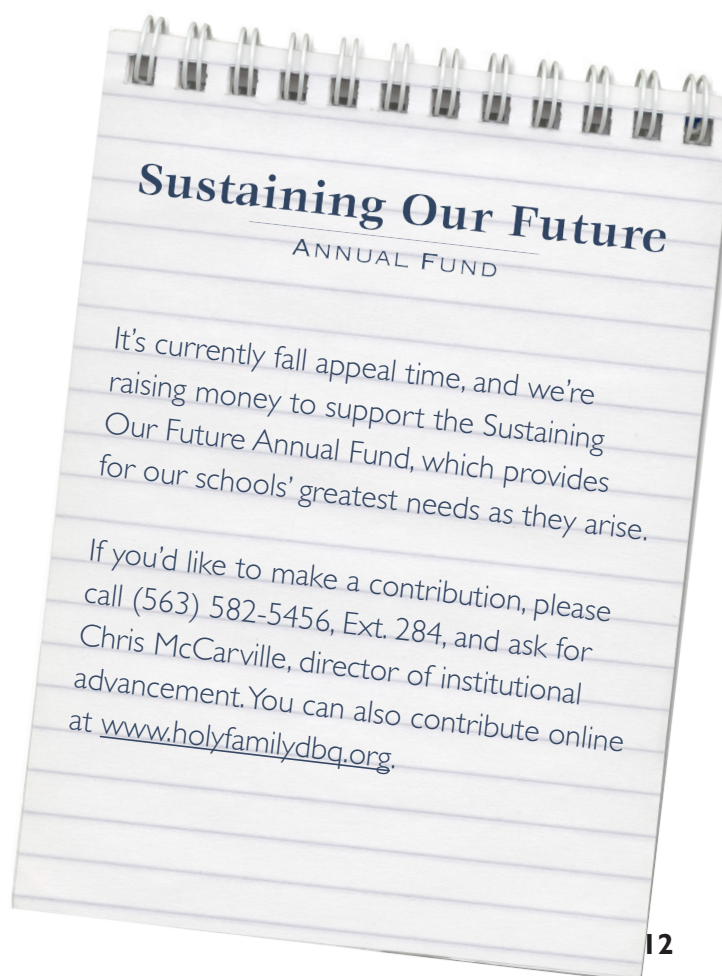

An endowed scholarship allows you to make a difference long after your initial gift. Instead of using the entire amount of your gift outright, the total amount of your gift is invested, and the interest is used to support our students while the principal continues to grow.

Set Up a Gift in Your Will

A gift in your will, called a bequest, is a very personal way to continue your giving even after you're no longer here to do so yourself. In a few simple sentences, you can plan to give cash, securities or other property, and you can set it up so your family is taken care of first. Please talk with your estate planning attorney and our office if you are considering this option.

This annual report is published by the Holy Family Catholic Schools Development Office. The donations listed were received from July 1, 2011, to June 30, 2012. Pledge commitments are not included.
