

JOIN A DEL FARMCRAFT 2024 TEAM!

**STARTING
MARCH 4
AVAILABLE FOR
STUDENTS IN
GRADES 4-8**

American Spaces

NASEF
NATIONAL ACADEMY OF
SCIENCE, ENGINEERING & TECHNOLOGY
"Game. Grow. Learn. Lead!"

What is Farmcraft?

Farmcraft is a challenge using the popular game of Minecraft. It focuses on agricultural problems, tools and technologies for farmers, ways to increase crop yields, food trade, and food security. Participants will join a virtual challenge while learning about the choices that farmers must make before even planting their crops!

Our season will kick off on March 4 for grades 6-8 and March 9 for grades 4-5. The participants are presented with specific challenges throughout the season that teach the lesson objectives. All challenges must be completed to be eligible for awards at the end of the program. The 1st place team will be showcased on the NASEF/DEL websites, get official Farmcraft® Certificates, and receive a \$500 Amazon Gift Card.

Registration Details

Practice/Challenges will be held at Dubuque Esports League at 3220 Dodge Street, Dubuque, IA 52003.
