

# EXPLORE ENGINEERING & TECHNOLOGY CAREERS

Discover the many types of engineering and participate in hands-on activities demonstrating engineering principles. You will be introduced to engineers at John Deere and learn about engineering concepts including product design, manufacturing, and testing.

Limited to 24 students. Interested students need to apply by September 10th including a written 2-3 sentence "essay" describing their interest in the program and what they hope to get out of it.

## MEETING DATES:

9/25, 10/16, 11/6, 11/20, 12/11
